

# EcoVadis

## For greater transparency in the supply chain

With 75,000 participating companies, **EcoVadis** is the leading platform for assessing sustainability in global supply chains. As the **first official EcoVadis partner in the DACH region**, we at DFGE have been guiding companies through the entire process for over 10 years. Since 2025, we have also been your partner for **enterprise solutions and supplier engagement**.

With more than 50 EcoVadis projects per year, we are delighted that 60% of our customers have received a Gold or Platinum rating. We are also proud of our own Platinum medal.

We support your company with everything from webinars and training courses to response checks and modular consulting to comprehensive implementation, with the aim of improving your rating. No matter how small or large your company is, we take your sustainability a step further with our Sustainability Intelligence solutions.

For over 25 years, DFGE – Institute for Energy, Ecology, and Economy has been supporting companies with sustainability intelligence solutions. Its services include corporate/product carbon footprint calculation and reporting solutions (CDP, UNGC, DJSI, EcoVadis, GRI, etc.). As the sole partner of the CDP for SBTs, DFGE provides customers with comprehensive support for climate strategy at the product level or company-wide for CO2-neutral business operations. Its customers include international companies (DAX/Fortune 500), medium-sized businesses, and the public sector. For more information, visit: [www.dfge.de](http://www.dfge.de)
